EXPLANATORY NOTE.

At present scholarships are granted by the Harijan Welfare Department to the students belonging to communities eligible for help by the Hairjan Welfare Department. The scholarships will not be renewed if the students should fail to obtain promotion at the end of each year except in cases where the failure was due to circumstances beyond the control of the students. In the case of High School classes, the scholarship holders are allowed to retain the scholarships for a second year in the same class subject to the condition that the concession is given only twice, once in Forms I to III and once again in Forms IV to VI. A similar concession is also given, once, for the entire engineering Course and twice during the full Medical Course. Such concessions are not now allowed in the case of students in the Arts and Law Colleges.

The Principal of the Arts College, Madras, has raised the question of extending the concession during the College Course also on the ground that the transition from the High School with the Indian language as the medium of instruction, to the College with English medium is far more difficult than the transition from one class to another in the High School. The Director of

that the Director of Harijan Welfare has asked for an additional allotment. They have also stated that if the proposal is sanctioned, the concession will have to be shown in the matter of fee concessions also and that in the present financial posti

Harijan Welfare while supporting the proposal has suggested that the concession may be extended at least to the Junior Inter and Junior B.A. classes, by amending the rules with effect from the academic year 1952-53. When the case was circulated, M.(Edn.) minuted as follows:

"In the case of Harijans and Scheduled Tribes I am in favour of one failure being condoned in the Inter & B.A. or B.Sc. put together (i.e.) once in 4 years, as in the Engineering and Medical Courses. These cases will be not common.

The cost involved in the proposal as contemplated by M.(Edn.) is estimated at Rs.20,000/- per annum. Finance Department are of the view that the extra expenditure involved in the proposal islarge and that even now the budget allotment is found to be insufficient with the result that the Director of Harijan Welfare has asked for an additional allotment. They have also stated that if the proposal is sanctioned, the concession will have to be shown in the matter of fee concessions also and that in the present financial position, the Government can ill afford to undertake such commitment. However in view of the minutes of M.(Edn.) they have suggested that the proposal may be treated as a Part II Scheme for 1953-54. It is accordingly proposed to consider the proposal as a part II Scheme. Necessary provision as shown in the summary at the top may be provided in the Budget Estimate for 1953-54.
